

Want to get more involved in the Coordinated Entry System?

Visit www.oneroofonline.org/coordinated-entry for more information.

WHAT IS COORDINATED ENTRY?

Coordinated Entry (CE) refers to the practice of conducting in-depth assessments of needs and barriers of people experiencing homelessness or at imminent risk of homelessness.

HOW CAN PARTNER AGENCIES JOIN IN AND HELP OUT?

The **Coordinated Entry Advisory Committee (CEAC)** are members who can provide insight into the many experiences and perspectives of people in our community experiencing homelessness.

- Approving policy and procedure recommendations from the CE Workgroups to improve the efficiency and effectiveness of CE
- Working with the coordinating entity (One Roof) to identify any policy implications in changes to the daily operations
- Advising One Roof based on the review of CE system performance data and recommending innovative solutions to improve outcomes
- Holding accountability and providing support to One Roof for fulfilling the CE vision

WHAT DOES IT MEAN TO BE PART OF A WORKGROUP?

The **CE Referral and Prioritization Workgroup** will focus on analyzing data to determine improvements for the CE referral and prioritization process.

- Reviewing and updating CE referral response data and current CE referral protocols
- Evaluating CE assessment data and housing outcome data reports provided by the CE Data Workgroup
- Analyzing data to determine changes to CE prioritization methods for housing placement

The **CE Partnership Workgroup** will focus on creating recommendations to support housing agencies through the CE System.

- Creating a recommendation report to support housing agencies in strengthening relationships with supportive services and implementing peer support
- Reviewing CE's internal referral workflow to connect clients to supportive services
- Strengthening the referral process to supportive services between agencies

HOW ELSE CAN PARTNER AGENCIES GET INVOLVED?

The **CE Monthly Referral Discussion Meeting** is a client case conferencing meeting to discuss hard to house clients currently on the CE list or clients who have been referred to a partner housing agency.

The **CE Outreach Collaboration Meeting** is a monthly meeting to form a stronger relationship between agencies working towards ending homelessness, share and explain new and existing resources with each other, and case conference street clients to better serve them and the community.

WHAT ELSE IS ONE ROOF DOING TO IMPROVE THE COORDINATED ENTRY SYSTEM?

In addition, One Roof team members have created an internal **CE Data Workgroup** which focuses on reviewing raw coordinated entry data to identify correlations between client barriers and housing outcomes.

HOW TO GET INVOLVED?

Please contact **Jennifer Harrell**, Director of Coordinated Entry, with any questions and/or to get involved.
