It may give insight into our chronic homeless numbers on a monthly basis. We could potentially see real time in flow/ out flow.

 - Applicable to all HUD recipients and subrecipients

Notes

Speakers from HUD will be rescheduled to speak in depth on equal access tool
The equal access tool in short helps agencies to determine whether people accessing services have the same access across different populations. It asks questions about processes and includes questions for people from the frontlines to the Executive Director. It can give suggestions on improvement. All Hud funded recipients and sub recipients are highly encouraged to use this tool for improvement.
